
DSG-CANUSA IS AWARDED THE 2009 IEWC SUPPLIER AWARD

DSG-Canusa has been awarded, “Best Overall Supplier” through an award by their long-standing partner, Industrial Electric Wire and Cable (IEWC). The 2009 IEWC Supplier award was presented on April 14, 2010 in New Berlin, Wisconsin at the IEWC 2010 Supplier Conference. Present at the biennial meeting were over 40 suppliers, including DSG-Canusa.

DSG-Canusa has been supplying heat shrink products geared towards the wire harness industry, such as standard Polyolefin, Adhesive lined, and Elastomeric heat shrink tubing for versatility in Wire Harness applications, to IEWC for more than eight years. IEWC is a stocking distributor of wire, cable and wire management products focused on “Order Fulfillment Excellence” and is a DSG-Canusa authorized distributor.

The award was presented based on five categories: On-time Delivery, Quoted Lead Time, Quality, Quality Response Time, and Cost. While there were five separate awards given to suppliers who scored high in each individual category, DSG-Canusa was ranked the highest overall. This is the first year these awards have been offered to top rated suppliers, and DSG-Canusa is committed to continuing to deliver award worthy services.

DSG-Canusa is a global innovator in heat shrink tubing products and heat shrinkable related technology. The company has provided electrical and mechanical insulating solutions internationally for more than 35 years.
